

MT-BRKT-DD-A1

Dual Display Bracket

Description

The MT-BRKT-DD-A1 dual-display bracket is an optional peripheral designed for the Mach Stand MA-STAND-A2, Mach Hub MA-HUB-B2 and wall-mount applications. The rear-facing bracket for a secondary monitor has a VESA 75 x 75 and 100 x 100 mounting pattern. The rugged, all metal construction provides the stability needed in harsh environments where MicroTouch products are designed to thrive in. Cable management space keeps cords neatly organized and secured.
